

## 422 Corby Squadron

### ATC Sunday 6th February , What a turn out compared to last year.

Last year 422 Corby Squadron had only 12 cadets attend the ATC Sunday parade. This year we had a whopping 30 cadets turn up with the other members of the squadron ill or unable to attend.

This is an amazing increase on last years numbers. This means we can attend more camps as we are offered more places.

On ATC Sunday we celebrated 70 years of the ATC.

The 30 cadets that showed up did a fantastic job. They all looked very smart, and did the squadron proud. The banner party had a hard job with the strong wind but managed to make it through the parade.

Following the parade and church service, the staff of 422 received many good comments about the smartness and politeness of our cadets.

Well done to all those who showed up. Lets work together to make next years turn out bigger and better

### News for the squadron.

The biggest news this month is that the CO is standing down his position and resigning his commission in order to focus on his career He will hopefully be coming back in the near future as a CI or as a member off the Civilian Committee.

Other news is that 18 cadets attended Cross Country and ran in events to earn us points. At the moment we do not know where we came, we will let cadets know as soon as we do.

## Reminders

- > Here are some reminders
- > The 5 cadets working through their BTec need to hand their books in by 28th March
